CONE BROS., Druggists.

At The Christian Church.

No better revival meetings have been held in this town than are being held at the Christian church. State Evangelist Whiston is a most inspiring speaker, short, witty and earnest.

The meetings begin at 8 and close promptly at 9. They will continue throughout next week. The new hymn books, the question box and the solos add variety to the services. Subject to be discussed are as follows: "The Short Road", "Throne of Grace", "Three Things to Do", "Two Covenants" and others.

It Pays

To Paint.

There is nothing that adds to the value of a house like good paint—there is nothing that makes home more homelike than good paint. We sell the SHERWIN-WILLIAMS PAINT because we know it is good. It is not a low priced paint but is cheap because it is so good—goes so far—wears so well. Try it and you'll have no other. MCCONNELL, druggist.

Surprised a "Neighbor."

Last Friday evening, about twenty five Royal Neighbors and Modern Woodmen, with well-filled baskets, marched out to "Neighbor" Henry Walker's home surprising her most happily. They were thrice welcome, however. Music and cards and refreshments passed the time till the wee sma' hours.

THE VALUE OF A CAN OF PAINT—

is determined by the number of square feet it covers, by its ease of application, by the wear it gives—not by the price. A low cost per gallon means a high cost per job.

THE SHERWIN-WILLIAMS PAINTS—

are the most economical to use because you don't have to buy so many gallons to cover a given surface, it doesn't take so much labor to apply, and because they give best appearance and best wear. Ask for color card. MCCONNELL, druggist.

At the regular monthly session of the McCook Commercial club, Tuesday evening, preliminary action was taken in the matter of entertaining the Lincoln Commercial club excursionists who will arrive in McCook, Wednesday evening, May 17th, on a business junket. Attention was also drawn to the fact that the Omaha Commercial club excursionists will be here from 6 to 9 o'clock, Friday, May 26th, on a similar mission. The entertainment committee has the matter in hand.

The Fourth of July celebration also received some discussion and action in a preliminary way.

A committee was appointed to investigate the matter of securing ground for a park, race track etc., a suitable location for general celebrations.

Will Meet in McCook.

The Southwestern Nebraska Log Rolling association of the Modern Woodmen of America will hold their 1905 meeting in McCook, having accepted the offer of the McCook Commercial club to take one day during the fall street fair and stock show for that purpose. They have elected to have Thursday. Barney Hofer was chosen president of the association for 1905; E. S. Howell, secretary; C. B. Sawyer, treasurer. It was also decided to hereafter elect the officers at the fall log rolling instead of in the spring. This action of the association to join in with the street fair and stock show is doubtless a wise one, and will be helpful to both affairs.

A strong sentiment is developing favorable for a public amusement park and driving park for McCook. They come high, but quite a number of citizens persist in insisting that they must have them. No business-like proposition has yet been formulated, but the near future may develop something practical. And then, gentlemen, be prepared to dive down into your trousers deeply for the coin.

McCook Junior Normal School.

The third summer session of the McCook junior normal school will begin a ten week's term Monday, June 5. The state superintendent will soon make announcement of a strong faculty, which will be increased by one instructor over last year. There will be a model full-graded rural school in charge of a capable instructor, instead of a model kindergarten, as heretofore.

The entertainment course will be strong and unusually attractive. It will include J. Edmund Vance Cooke, of Cleveland, Ohio, an entertainer after the style of James Whitcomb Riley; Frank R. Roberson, the world-traveler, who has several times delighted McCook audiences, and who is at present in Russia securing material for a new lecture; the imitable Slayton Jubilee Singers; and Rev. Robert McIntyre, of Los Angeles, California, who is probably the greatest word-painter on the American platform today.

In past years the citizens of McCook have been asked to contribute a bonus for the support of the school. This need not be done this summer. The state will assume the burden of its expense. But instead the business men and citizens generally are urged to purchase season tickets of admission to these excellent entertainments. The charge to them will be the same as to the visiting teachers, namely, \$1.50, each ticket being good for the four entertainments to be given through the summer. This course ought to be self-supporting; the people of McCook can derive as much value and pleasure from the numbers as the teachers, and they should therefore help defray the cost by the liberal purchase of season admission tickets.

The past two summers the McCook junior normal school has been well to the front among the five that the state has supported, and last summer it stood first. It behooves us to maintain that rank this year. The presence of the junior normal school is recognized to be a good thing for the community. Let us give it royal support.

There will be the usual demand for board and room for the visiting teachers throughout the summer months, and a systematic effort will be made at once to learn of available places. If you can keep one or two or more teachers, report that fact.

Dewey Case is Dismissed.

NORTON, KAN., May 3.—The celebrated case of Chauncey Dewey, a millionaire ranchman, and Clyde Wilson and A. J. McBride, cowboys employed by Dewey, who were charged with killing two members of the Berry family, neighboring ranchmen in northwestern Kansas, has been ended in the district court here, when the judge dismissed the defendants without trial. The prosecution had failed upon several occasions to begin the trial, although the defendants were ready.

The three defendants were all acquitted a year ago after a sensational trial for the alleged murder of another member of the Berry family.

Chauncey Dewey is the son of the late C. P. Dewey, a pioneer Kansas man, and at the time of the killing of the Berrys managed his father's ranch.—Lincoln Journal of May 4th.

He began his railroad life as driver on the grade and his steady promotion is a source of gratification to his friends.—Lincoln Journal.
